## **INTRODUCTION**

This booklet has been compiled from a variety of resources and is in a constant state of revision. If you have other titles that have been useful to your family please let us know and we will add them to our updates. We are providing these booklists to help (at every age level) increase literacy and learning skills in the home.

While every attempt has been made to ensure that inappropriate books are not on this list, we recognize that some may have “slipped through the cracks.” Please let us know if you recognize any of these and we will delete them in future editions.

If you have any other suggestions, please feel free to forward them to us.
